By Train & Bus

You can get various buses from the railway station to the University of York Heslington East campus, but the direct one is the Number 66 (First bus company). This stops right outside York Railway Station, passes by the Heslington Hall and stops in front of the Ron Cooke Hub (our offices). Journey time is approximately 20 minutes (depending on York traffic!). You have several options for bus tickets:

- 1) A standard return ticket for the #66 (approx. £3). Alternatively, you can purchase a FirstDay ticket which gives multiple journeys on First buses for one day (approx. £4).
- 2) You can purchase a [plusbus](#) ticket as an add-on to your rail ticket - which will actually allow you use any operator within city centre to get to / from the University of York Heslington East campus. The plusbus add-on is available via CrossCountry Trains, Northern Rail, TransPennine Express or Virgin Trains East Coast online booking systems.
